Critical Issues

Ensures every form element has a label

Ensures all ARIA attributes have valid
values

Serious Issues

Ensures aria-hidden elements do not
contain focusable elements

Ensures that every form element is not
solely labeled using the title or aria-
describedby attributes

Ensures elements are used
semantically

Ensures the contrast between foreground
and background colors meets WCAG 2
AA contrast ratio thresholds

Moderate Issues

Ensures the order of headings is semantically correct

Ensures all page content is contained by landmarks

Ensure all skip links have a focusable target

Minor Issues

Ensures every id attribute value is unique

Issues

Element "head" is missing a required instance of child element "title".

The "type" attribute is unnecessary for JavaScript resources.

Bad value "true" for attribute "async" on element "script".

A "charset" attribute on a "meta" element found after the first 1024 bytes.

Attribute "charset" not allowed on element "meta" at this point.

Element "meta" is missing one or more of the following attributes: "content", "itemprop", "property".

Attribute "http-equiv" not allowed on element "meta" at this point.

Element "meta" is missing one or more

Element "meta" is missing one or more of the following attributes: "itemprop", "property".

Attribute "name" not allowed on element "meta" at this point.

Element "title" not allowed as child of element "body" in this context.
(Suppressing further errors from this subtree.)

A "link" element must not appear as a descendant of a "body" element unless the "link" element has an "itemprop" attribute or has a "rel" attribute whose value contains "dns-prefetch", "modulepreload", "pingback", "preconnect", "prefetch", "preload", "prerender", or "stylesheet".

The text content of element "script" was not in the required format: Expected space, tab, newline, or slash but found "{" instead.

Element "style" not allowed as child of element "body" in this context.
(Suppressing further errors from this subtree.)

Stray end tag "head".

Start tag "body" seen but an element of the same type was already open.

Cannot recover after last error. Any further errors will be ignored.
