SEO Issues

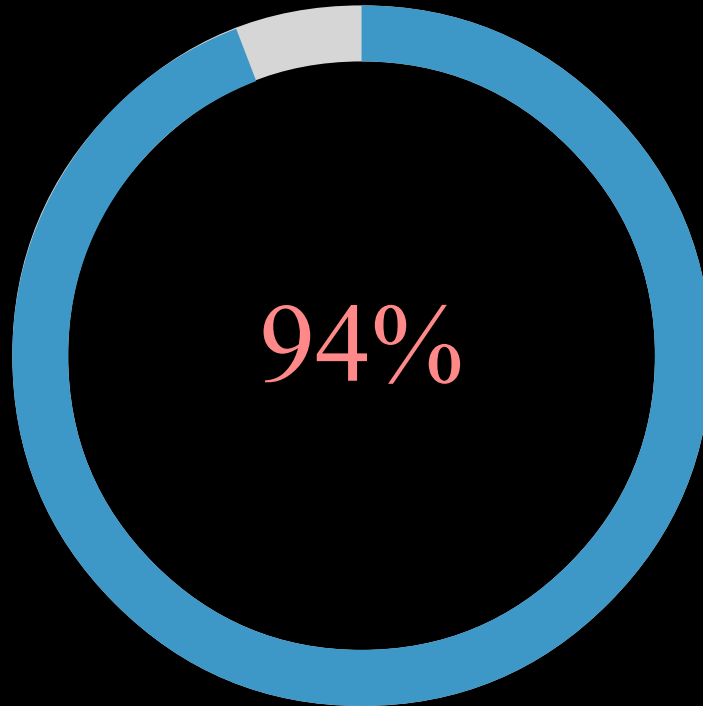

- number of img without [alt] expect=0 actual=2
- number of a without [rel] expect=0 actual=137
- head does not have meta[name="descriptions"]
- html does not have h1

Performance

- First Contentful Paint: 500ms
- First CPU Idle: 500ms
- First Meaningful Paint: 500ms
- Speed Index: 500ms
- Time To Interactive: 500ms

AODA Result

Errors : 54 | Warnings : 1 | Total Elements : 915

Serious Issues

- Ensures the contrast between foreground and background colors meets WCAG 2 AA contrast ratio thresholds
- Ensures that every form element is not solely labeled using the title or aria-describedby attributes
- Ensures links have discernible text
- Ensures tabindex attribute values are not greater than 0
- Ensures the contrast between foreground and background colors meets WCAG 2 AA contrast ratio thresholds

Moderate Issues

- Ensure that the page, or at least one of its frames contains a level-one heading
- Ensures all page content is contained by landmarks

Minor Issues

- Ensures every id attribute value is unique
- Ensure image alternative is not repeated as text

Issues

- The “type” attribute is unnecessary for JavaScript resources.
- Bad value “x-dns-prefetch-control” for attribute “http-equiv” on element “meta”.
- Bad value for attribute “href” on element “link”: Illegal character in path segment: “[” is not allowed.
- CSS: “min-width”: Too many values or values are not recognized.
- A document must not include both a “meta” element with an “http-equiv” attribute whose value is “content-type”, and a “meta” element with a “charset” attribute.
- Attribute “value” not allowed on element “meta” at this point.
- Element “meta” is missing one or more of the following attributes: “content”, “property”.
- Attribute “xmlns:og” not allowed here.
- Attribute with the local name “xmlns:og” is not serializable as XML 1.0.
- Bad value for attribute “src” on element “script”: Illegal character in path segment: “[” is not allowed.
- Bad value “a-state” for attribute “type” on element “script”: Subtype missing.
- Saw “<!--” within a comment. Probable cause: Nested comment (not allowed).
- The document is not mappable to XML 1.0 due to two consecutive hyphens in a comment.
- Element “style” not allowed as child of element “div” in this context. (Suppressing further errors from this subtree.)
- The “type” attribute for the “style” element is not needed and should be omitted.
- Attribute “mark” not allowed on element “script” at this point.
- Element “style” not allowed as child of element “noscript” in this context. (Suppressing further errors from this subtree.)
- CSS: “filter”: Parse Error.
- Attribute “cel_widget_id” not allowed on element “div” at this point.
- Element “div” not allowed as child of element “a” in this context. (Suppressing further errors from this subtree.)
- The “name” attribute is obsolete. Consider putting an “id” attribute on the nearest container instead.
- The “list” role is unnecessary for element “ol”.
- The “listitem” role is unnecessary for element “li”.
- Bad value “600px” for attribute “height” on element “img”: Expected a digit but saw “p” instead.
- Bad value “1500px” for attribute “width” on element “img”: Expected a digit but saw “p” instead.
- Element “div” not allowed as child of element “span” in this context. (Suppressing further errors from this subtree.)

- CSS: “border-radius”: Unknown dimension.
- CSS: “background”: The first argument to the “linear-gradient” function should be “to top”, not “top”.
- Bad value “100%” for attribute “height” on element “img”: Expected a digit but saw “%” instead.
- Bad value “1200px” for attribute “width” on element “img”: Expected a digit but saw “p” instead.
- Element “img” is missing one or more of the following attributes: “alt”, “src”.
- An “img” element must have an “alt” attribute, except under certain conditions. For details, consult guidance on providing text alternatives for images.
- The “cellspacing” attribute on the “table” element is obsolete. Use CSS instead.
- A table row was 1 columns wide, which is less than the column count established by the first row (9).
